1. The Cartels of the Pass. They give a ruling on the Passes and are composed within the ICG, case by case, according to the Passes that are completed, and based on linguistic compatibility and analytic incompatibility
2. The three Cartels of the ICG. They are composed within the ICG for the duration of the mandate of this ICG, by mutual agreement between all members of the ICG, and they will work on certain crucial psychoanalytic questions raised in the procedure. The theme or themes chosen by each of them will be communicated when they begin their function.

2. THE FUNCTIONING OF THE *DISPOSITIF* OF THE PASS

2.1 The list of passers

The list is established in each *dispositif* by the Secretaries of the Pass (see section 2 below) following proposals by the AMS of the *dispositif*. The local secretariats send it to the ICG, which holds the list for all the *dispositifs*, noting the analyst and the date of the proposals.

2.2 Steps in the functioning of the *dispositif*

The demands for the Pass are received locally by the Secretariats of the Pass that establish the list of passers. This list is revised and updated each year by these same Secretariats.

The candidate is received by a member of the Secretariat of the local Pass who refers the candidate to its Secretariat, which then approves or declines the request. The Secretary transmits the response of its Secretariat to the candidate who will then, where applicable, draw the names of his passers. He informs the passand that when his testimony is completed, he must let the Secretary know. If he so wishes, a passand can refuse a passer and draw another name.

The Secretaries of the Pass transmit the following to the Secretaries of the ICG, as they are received:

- The list of demands for the Pass.
- The list of Passes that have commenced after the candidates have been interviewed by a member of the Secretariat, along with the names of the two *passers*, and all the necessary information required for a cartel of the Pass.
- The Secretariat of the ICG decides, with the members of the ICG, on the composition of the Cartels for various taking languages and incompatibilities into account. In a Cartel, it would be appropriate to avoid the presence of: the analyst of the passand, his current supervisor, possibly a current analysand of the same analyst, and also sometimes people who are too close to the *passand*.

The Secretariat of the ICG is responsible for directing Passes to one of the Cartels of the Pass.

2.3 Transmission of the responses of the Cartels of the Pass

-The cartel will write its response to the passand in the simplest form and without justifying it. Depending on the case, this will be: “the cartel has nominated you AS” or “the cartel has not nominated you AS”. It will also include the composition of the Cartel that has ruled on this Pass. On this basis, each Cartel will obviously have to evaluate whether it wishes to add something more in relation to particular cases.

The response will be transmitted without delay.

-A member of the Cartel, chosen by the Cartel, will transmit the response to the passand orally, in person when possible or by phone when distance does not allow that to happen. Following this, the passand can ask to meet another member of the Cartel if he so wishes.

-The response, nomination or non-nomination, is communicated for filing to the two Secretaries of the ICG and the Secretariat of the Pass concerned.

- The Secretariat of the ICG (composed of the two Secretaries of the ICG) holds the Notebook with all these steps. The paper version of this Notebook is passed from ICG to ICG.

- The ICG sends all of these rules regarding functioning to the various local Secretariats.

2.4 The passers

The Analyst Members of the School of the SPFLF can propose passers as is stipulated in the “Principles”. At an opportune moment, they make their proposal to their local Secretariat of the Pass or to the *dispositif* of the School to which they are attached. Each Secretariat can also speak to Analyst Members of the School belonging to that *dispositif*.

The Secretariats of the Pass draw their passers for the passands from a list of passers comprising those passers who have not yet taken up their function in the procedure of the Pass or, alternatively, who have been involved in the lowest number. The passers must necessarily speak the same language as the passand, or speak a language that the passand speaks, but they need not necessarily be from the same place.

The mandate of the passer is limited to three passes. If two years after his designation a passer has not been drawn by lot, the AMS who designated him can either renew or not renew the designation.

It would also be necessary for that the Secretariats of the Pass ensure that the passand who draws his passers by lot is ready to commence his testimony immediately, and to see that the testimony does not go on indefinitely.

2.5 The International Committee of Accreditation of AMS: the composition of the Committee

In the second year of its mandate the International College of the Guarantee constitutes from within it the International Committee of Accreditation of AMS. Its composition is proportional to the number of members of the School in each zone. The list of the new AMS is published in June/July of this second year

At the start of its taking office, the ICG reminds the local committees of the tasks that are incumbent upon them with regard to the criteria and the gathering of information about potential AMS, particularly in zones attached to a *dispositif*. The Local Committees of the Guarantee send their proposals for Analyst Members of the School for their *dispositif* at their convenience.

3. ADDENDUM: THE ADMISSION OF MEMBERS OF THE SCHOOL

A) The articulation between the admission to the Forum and to the School

The rule that consists in first entering the Forum and then the School, must be maintained. However, it should be applied with tact and, in some exceptional cases, a simultaneous entry into the Forum and the School could be envisaged.

B) The question of criteria has been taken up and has led to the following suggestions:

Two interviews or one interview with two people does not appear excessive. Regular participation in the activities of the Forum or the division, particularly in cartels, and possibly in the Clinical College to which the candidate belongs, is to be taken into account. But the question of greater participation in the national activities, for example, the *Journées* [Study Days], must be taken into account.

Since our School has international *dispositifs*, the international dimension cannot be ignored. This dimension must be presented to the candidate at the first interview so that he is fully aware of where he is intending to enter before his second interview. The works published following the *Journées*, inter-cartels etc., are an objective indicator of the involvement of a

candidate and are to be taken into account. Consultation with the analyst or supervisor cannot be obligatory. It is for the Committee to judge if, in such and such a case, it could be opportune.

C) Condition of admission as Member of the School for members of forums attached to the French instrumentality:

The general condition for admitting a Member of the School belonging to an attached *dispositif* is that enough is known about his analytic training. On that basis, the Committee for Reception and the Guarantee (CRG) will give the response suitable for each case. Moreover, if one of the candidates made the Pass and was not nominated AS, the Cartel that listened to his testimony could possibly propose his admission as Member of the School.
