Vº ENCUENTRO INTERNACIONAL DE LA ESCUELA
DE PSICOANÁLISIS DE LOS FOROS DEL CAMPO LACANIAN -

VTH MEETING OF THE SCHOOL OF PSYCHOANALYSIS OF THE FORUMS OF THE LACANIAN FIELD.

JULY 14TH, 2016.

Auditorium FUNDADORES – Block 28
(French, Portuguese, English, Italian, Spanish)

THE DESIRE FOR PSYCHOANALYSIS OR “THE EXPANSION OF THE ANALYTIC ACT”

This theme, “the desire for psychoanalysis”, aims at the presence of psychoanalysis in current discourse which we usually refer to as “extension”. However, according to Lacan’s definition of the term, it is not a matter of the circulation of discourse about psychoanalysis, or even of the multiplication of self-declared psychoanalysts, but “the expansion of the act”. This is necessary if there are speakers to be analysed. In other words, it concerns our theme of psychoanalysis “in intension”, inseparable from its “horizon” of extension, since it is “in act” that it is differentiated from the field of polymorphous psychotherapies.
